

**PROTOCOLS
COVID**

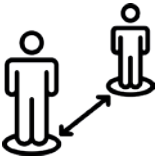

PREVENTION MEASURES MANDATORY OPERATOR

In the pre-entry, an exhaustive inspection will be enabled to take the temperature of each passenger.

Each passenger will have access to protection elements: alcohol gel, masks and gloves.

Communication points to the passenger to respect the minimum distance required.

Installation of interior gel alcohol dispensers and access points.

Sanitization of vehicles and facilities, use of disinfectants in all common areas and elements of each space of the agency.

All the information corresponding to the prevention guidelines and protocols will be delivered to the passenger through digital platforms.

We are a local tourism agency with more than 10 years of experience in Patagonia offering excursions and programs within the Torres del Paine National Park and surroundings of Patagonia. In addition, we are specialists in creating tailor-made experiences for all tastes and that adapt to your expectations and needs.

With us you can get to know the wonderful Torres del Paine, Gray Glacier, Perito Moreno and horseback riding among others.

You can do the W Circuit in different modalities of programs, trekking excursions, full day, horseback riding, private excursions and many more.

Come and live with us an unforgettable experience through a wonderful and world-class natural environment that is Patagonia.

PREVENTION MEASURES MANDATORY PASSENGERS

Use of mandatory mask.

Physical distancing.

Avoid touching your eyes, nose and mouth.

Avoid waving or kissing.

Do not share hygiene or food items.

At W Circuit Patagonia we have developed a series of measures to protect the safety and comfort of our passengers and visitors, implementing various actions that meet sanitary requirements and high standards of quality, health and hygiene.

The Ministry of Economy, Development and Tourism, the Undersecretariat of Tourism and Sernatur make available to the tourism industry a series of management and prevention protocols to minimize the risk of transmission of Covid-19. These documents are intended to guide the sector to be prepared to operate and receive visitors when it is safe to do so.

The new post-Covid-19 tourism raises a new profile of the tourist that will demand strict hygiene and sanitation standards of spaces, therefore, the invitation is to adopt these recommendations and together return confidence to tourists within the framework of a new travel culture.
